Dolphin reef in a small VIP boat group

Route overview

Dolphin Reef · Coral reef · Open sea

Selected places for orientation, not exact travel directions.

Planned stages

Stage 1

Getting started

Pickup or meeting point as personally confirmed

Stage 2

Travel and transfers

Continue using a boat and planned stops on the water

Stage 3

Observe dolphins responsibly

Visit a known dolphin area and observe the animals at a respectful distance; sightings or swimming with dolphins can never be guaranteed.

Stage 4

Snorkel above colourful coral reefs

After a safety briefing, snorkel at selected reef sites and watch corals and typical fish without touching the fragile marine environment.

Stage 5

Cruise out into open water

Cruise into the open Red Sea and experience space, breeze and changing shades of blue away from the coast.

Stage 6

Return journey

Return journey or transfer to the agreed endpoint

Itinerary guide only. The sequence, pickup point and times are confirmed separately.
